

How to stream Radio via the Wi-Fi Music App thru the BF-11

*Check if the BF-11 is connected & paired with your router ...

*Make sure the player/renderer is chosen (BF-11)

Connect & stream your favourite radio stations.

Once the streaming has been established the BF-11 source control can be switched off

Other **compatible** apps can also be used...

Want a station added request at support@cocktailaudio.co.uk
